

## INFOCARD 4: PHARMACY CLICK & COLLECT LOCKERS

### Self service smart lockers for prescription medicines

Enabling convenient and queue-free prescription collections at suitable locations inside and outside of hospitals and health centres buildings.

- » Reduces queues in busy dispensaries
- » Provides improved patient access and convenience, with a 24-7-365 service and a fast, stress-free experience
- » Frees up staff for more value-add work.

The unit's design and smart software makes it easy for patients to use, while ensuring security with automatically closing doors.
